**38999 POLYMER CABLE ASSEMBLIES**

In supporting data delivery, based on the MIL-38999 requirements, ELII is introducing a family of cable assemblies using a 1 mm core polymer cable with an operating temperature of -55 to 105 C.

**Typical applications:**

- Military ground vehicles
- Military aircraft
- Commercial aircraft
- Radar
- Battle field equipment

**Characteristic of the assemblies:**

- Robust pins and sockets
- Lower cost than typical glass fiber termination
- No cross talk, low weight
- Contact wire assembly is achieved by gluing
- Alignment sleeve

The product will be showed at OFC in the Los Angeles Convention Center on March 6-8, Booth #2733. [www.OFCNFOEC.org](http://www.OFCNFOEC.org)
